

# Transformer Switching Relay Appl. 115V or 230V.

with voltage dip protection  
and soft start for capacitive Loads,  
with automatic voltage selector  
and Transformer coil switch

from connector  
115V or 230V

L1 2,5 qmm N 2,5 qmm

F1, 32A slow blow

F2, 16A slow blow
